What To Expect

Here's a little sneak peek into what you can expect from me: First off, expect lots of laughter, because let's face it, weddings are full of those joyous moments that just make your cheeks hurt (in the best way possible). I'll be there to capture every giggle, every tear (happy ones, of course), and every "OMG, we're actually doing this" look you exchange. From the chaos of getting ready to the heart-melting ceremony, and all the way to the epic dance floor shenanigans, I've got you covered. My goal? To freeze-frame those magical moments that you'll cherish forever. So, get ready to strike a pose, dance like nobody's watching (well, except me, with my camera), and soak in every second of your love story unfolding. Trust me, it's going to be a day to remember!

CLIENT PORTAL

You'll have access to a private and secure client portal to pay invoices, sign contracts, complete questionnaires, and even preview and download your photo galleries. I'm committed to making your photography journey with me as smooth and enjoyable as possible, and your personal client portal is just one more way I strive to exceed your expectations.

PREP & PLANNING

Timeline

I will help you with your timeline! Timelines are crucial to weddings, even small ones, because they ensure everything you want captured, GETS CAPTURED.

I will work with you to develop a cohesive timeline with a relevant shot list to ensure we're working on the same wave length, and most importantly, so YOU can focus on enjoying your day!

Shot List

Meet my wedding day lifeline... the shot list! I will work with you to develop a cohesive and well rounded shot list for your special day! After all, this is your show, I'm just your camera wielding sidekick!

The shot list will contain all relevant poses you'd like to see from your day. I even encourage you to show me inspiration photos you've seen that you absolutely love, so I can get a good idea of the look and feel of the poses you'd want to see!

This is a crucial part of planning your wedding photography and I'm here to help you execute it like a champ!
